2020 County Attainment Profile

INTRODUCTION
From birth to career, there are many opportunities to develop strategies and interventions to increase attainment and improve workforce alignment. Below are some key areas and indicators that highlight where interventions may be possible to improve overall educational attainment outcomes.

Building the Foundation: Pre-K to 8
High-quality early learning and strong academic progress in early years helps prepare children for future success.
- Bladen County has 13 public schools with performance grades. Of these schools, 6 or 46% were classified as low performing in 2019.

Ready for College & Career
High school completion is a crucial step on the pathway to postsecondary success or the beginnings of a career. Activities that prepare students to navigate the transition to postsecondary include gaining experience in college-level coursework and applying for financial assistance.
- 51% of graduates enroll in a postsecondary institution within 12 months versus 57% of peer counties.

Postsecondary Access and Success
These metrics capture student progression and educational attainment from high school graduation to postsecondary completion. They indicate relative strengths and weaknesses of Bladen County at each stage of the postsecondary pipeline.
- 13 more 9th graders to graduate within four years (goal: 95% vs. 92%).

Labor Market Outcomes
Lack of technical skills and lack of education are among the primary reasons why NC employers struggle to fill vacancies. These metrics capture labor market outcomes among recent graduates, the alignment between postsecondary degree production and labor market demand, and future job demands.
- 13% of teens ages 16-19 are not working and not in school versus 8.9% of peer counties.

Opportunities for Growth
Compared to rural non-metro counties and the state, these three areas represent the biggest opportunities for Bladen County to improve future attainment outcomes.

**Notes:**

Enrollments reflect degree- or credential-seeking undergraduate enrollments. The graduate or transfer rate is drawn from IPEDS and represents the share of students who either graduate with a degree or credential from the institution or transfer to another institution within 8 years. The 8-year outcome is the only measure that includes information on transfer out. Detailed data guidance is provided at [http://go.unc.edu/countydata](http://go.unc.edu/countydata)

## Local Cross-Sector Promising Practice: Bladen Community College-University of Mount Olive Transfer Partnership

Bladen Community College and the University of Mount Olive partner to enhance and expand options for community college students. BCC students who have earned an associate of applied science degree can transfer seamlessly into an array of programs at UMO. BCC students become eligible to apply for all state and federal financial aid.

We identified this example of an emerging cross-sector promising practice in partnership with local leaders. If you have additional examples you’d like to share with myFutureNC, please respond to this [short survey](http://go.unc.edu/countydata).
