2020 County Attainment Profile

INTRODUCTION
From birth to career, there are many opportunities to develop strategies and interventions to increase attainment and improve workforce alignment. Below are some key areas and indicators that highlight where interventions may be possible to improve overall educational attainment outcomes.

Building the Foundation: Pre-K to 8
High-quality early learning and strong academic progress in early years helps prepare children for future success.

Iredell County has 42 public schools with performance grades. Of these schools, 5 or 12% were classified as low performing in 2019.

Ready for College & Career
High school completion is a crucial step on the pathway to postsecondary success or the beginnings of a career. Activities that prepare students to navigate the transition to postsecondary include gaining experience in college-level coursework and applying for financial assistance.

Postsecondary Access and Success
These metrics capture student progression and educational attainment from high school graduation to postsecondary completion. They indicate relative strengths and weaknesses of Iredell County at each stage of the postsecondary pipeline.

Iredell County has a student-to-school counselor ratio of 421:1.

Labor Market Outcomes
Lack of technical skills and lack of education are among the primary reasons why NC employers struggle to fill vacancies. These metrics capture labor market outcomes among recent graduates, the alignment between postsecondary degree production and labor market demand, and future job demands.

7% of teens ages 16-19 are not working and not in school versus 6.8% of peer counties.

Opportunities for Growth
Compared to suburban counties and the state, these three areas represent the biggest opportunities for Iredell County to improve future attainment outcomes.

**Notes:**
- Enrollments reflect degree- or credential-seeking undergraduate enrollments. The graduate or transfer rate is drawn from IPEDS and represents the share of students who either graduate with a degree or credential from the institution or transfer to another institution within 8 years. The 8-year outcome is the only measure that includes information on transfer out.

### Local Cross-Sector Promising Practice: North Carolina Manufacturing Institute

The North Carolina Manufacturing Institute is specially designed to link and leverage the existing assets of Rowan, Cabarrus, and Iredell counties to solve a growing gap between regional job seekers and available positions. Its innovative funding and operational structure allows the Institute to deliver results in response to a rapidly-growing need for manufacturing employees with certified skills and verified work readiness.

We identified this example of an emerging cross-sector promising practice in partnership with local leaders. If you have additional examples you’d like to share with myFutureNC, please respond to this short survey.
