2020 County Attainment Profile

INTRODUCTION
From birth to career, there are many opportunities to develop strategies and interventions to increase attainment and improve workforce alignment. Below are some key areas and indicators that highlight where interventions may be possible to improve overall educational attainment outcomes.

Building the Foundation: Pre-K to 8
High-quality early learning and strong academic progress in early years helps prepare children for future success.

Pender County has 18 public schools with performance grades. Of these schools, 1 or 6% were classified as low performing in 2019.

Ready for College & Career
High school completion is a crucial step on the pathway to postsecondary success or the beginnings of a career. Activities that prepare students to navigate the transition to postsecondary include gaining experience in college-level coursework and applying for financial assistance.

Postsecondary Access and Success
These metrics capture student progression and educational attainment from high school graduation to postsecondary completion. They indicate relative strengths and weaknesses of Pender County at each stage of the postsecondary pipeline.

Labor Market Outcomes
Lack of technical skills and lack of education are among the primary reasons why NC employers struggle to fill vacancies. These metrics capture labor market outcomes among recent graduates, the alignment between postsecondary degree production and labor market demand, and future job demands.

6.1% of teens ages 16-19 are not working and not in school versus 9.4% of peer counties.

Opportunities for Growth
Compared to rural metro counties and the state, these three areas represent the biggest opportunities for Pender County to improve future attainment outcomes.

Chronic Absenteeism
19% of Pender County students are chronically absent from school, above the rural metro county average of 16%.

School Counselors
Pender County has a student-to-school counselor ratio of 416:1.

Postsecondary Completion
47% of Pender County high school graduates who enroll in postsecondary earn a degree or credential within 6 years, below the rural metro county average of 50%.

Local Cross-Sector Promising Practice: Adult High School

The Adult High School (AHS) Program is designed for students who have not completed high school and wish to earn their high school diploma. There is no cost to students for classes or books. The AHS diploma is recognized by colleges and universities throughout the nation and is the equivalent to any public or private high school diploma. Graduates receive an Adult High School Diploma issued by Cape Fear Community College and the New Hanover or Pender County Board of Education. Classes are conveniently offered at both the Downtown Wilmington Campus and at the Burgaw Campus.

We identified this example of an emerging cross-sector promising practice in partnership with local leaders. If you have additional examples you’d like to share with myFutureNC, please respond to this [short survey](http://go.unc.edu/countydata).

**Notes:**
Enrollments reflect degree- or credential-seeking undergraduate enrollments. The graduate or transfer rate is drawn from IPEDS and represents the share of students who either graduate with a degree or credential from the institution or transfer to another institution within 8 years. The 8-year outcome is the only measure that includes information on transfer out. Detailed data guidance is provided at [http://go.unc.edu/countydata](http://go.unc.edu/countydata).
